DHANURMATHY P

+91 7904029364 | dhanurmathy2322@gmail.com | Chennai, TN

Summary

Driven and flexible recent graduate with practical knowledge gained from participating in academic projects, freelancing, and holding part-time jobs. Excellent problem-solver, rapid learner, and helps the team achieve objectives. Demonstrated self-starter who meets deadlines and adjusts to changing demands. Interested in a full-time position where I will further develop my skills and experiences while contributing to the success of the organization.

Projects

1. Natural Language Processing To SQL Query Execution Using Machine Learning - Final Year Project

Developed a smart system that translates natural language inputs into executable SQL queries using machine learning models and NLP techniques.

Tech Stack: Python, Machine Learning, NLP, MySQL Workbench, React

2. Online Voting System - Mini Project

Developed a secure and user-friendly online voting platform with admin and voter modules to ensure transparency and accessibility.

Tech Stack: HTML, CSS, JavaScript, PHP, MySQL

3. Grocery Web App - Naan Mudhalvan Project (SmartBridge)

Designed and implemented an e-commerce grocery platform with shopping cart, product listings, and checkout functionality.
